

APPLICATION FOR TEMPORARY WASTEWATER DISCHARGE PERMIT

All one-time or short-term (less than one year) Industrial Users shall obtain a Temporary Wastewater Discharge Permit before connecting to or contributing to the City of Pleasant Valley sewer system.

All users seeking to obtain a Temporary Wastewater Discharge Permit or users renewing a permit shall complete this application.

Effective April 1 , 1995, a non-refundable permit application fee will be collected for review of requests for temporary wastewater discharge permits. This fee is \$50.00 for discharge of less than 20,000 gallons and \$75.00 for discharge of 20,000 gallons or more. Please submit the appropriate fee with this application. Checks must be made payable to: City Of Pleasant Valley.

If a permit is granted for a temporary discharge a permit maintenance fee is applicable. This fee is \$200 for discharge of less than 20,000 gallons and \$400 for discharge of 20,000 gallons or more. This fee will be collected prior to issuance of the permit.

I. COMPANY IDENTIFICATION.

1. Land Owner: _____

Site Location: _____

2. Land Owner's Authorized Representative: _____

Mailing Address: _____

Phone Number: _____ Ext. _____ Fax: _____

3. Consultant: _____

Contact Person: _____

Mailing Address: _____

Phone Number: _____ Ext. _____ Fax: _____

4. Contractor: _____

NOTE: The Applicant's Authorized Representative represents the facility in dealings with the City of Pleasant Valley, Mo. Fill out Attachment A to properly identify the Authorized Representative.

Applicant must answer all questions. DO NOT LEAVE BLANKS. The term "nonapplicable" should be used to show that the item was considered, but was not pertinent to the facility.

City representatives may conduct an on-site inspection of your facility to determine whether the information on the application is complete.

The City may require any supplementary information needed to develop the Wastewater Discharge Permit or to determine whether a Permit is necessary.

If any information does not have sufficient space on this form it should be placed on a separate sheet and attached. Please reference attachments.

II. SITE DESCRIPTION

A. General Information:

1. Type of activity currently being performed: _____ Underground Storage
Tank Removal _____ Excavation
Other: _____

2. Reason for these activities: _____ Remediation Project _____ New
Construction _____ Renovation _____ Demolition Other: _____

B. History

1. Nature of Business Previously on the site: _____

2. Has there ever been a spill or any other problem at the site that may have adversely
impacted the environment? _____ Yes _____ No If yes, describe: _____

C. Provide a site plan that includes the following information:

1. Locations of the wastewater and the treatment unit(s).
2. Water flow from storage unit to discharge point with direction of flow.
3. Location of sampling point(s).
4. Location of sanitary sewer manholes and stormwater inlets.
5. Location of discharge point(s) and manhole number if applicable.
6. Location and size of the sanitary sewer to receive the discharge.

D. List all environmental control permits held for the location: _____

III. PRETREATMENT FACILITY

A. Is there pretreatment at this site? _____ Yes _____ No

1. Describe the pretreatment facility and treatment method(s) performed: _____

2. What is the design flow capacity of the treatment system? _____ GPD

IV. SAMPLING AND MONITORING PROCEDURES

A. Has the wastewater been analyzed? _____ Yes _____ No

1. Submit results of previous sampling and analysis identifying the nature and concentration of pollutant/parameter(s). Samples shall be obtained through proper composite/grab sampling techniques.
